

BISHOP STREET FUNDS

Hawaii Municipal Bond Fund (Class A Shares Ticker Symbol: BHIAX) (Class I Shares Ticker Symbol: BSHIX)

Supplement dated June 11, 2025 to:

- **The Class I Shares Statutory Prospectus and the Class A Shares Statutory Prospectus for the Hawaii Municipal Bond Fund, each dated May 1, 2025 (the “Statutory Prospectuses”); and**
- **The Class I Shares Summary Prospectus and the Class A Shares Summary Prospectus for the Hawaii Municipal Bond Fund, each dated May 1, 2025 (the “Summary Prospectuses” and, collectively with the Statutory Prospectuses, the “Prospectuses”).**

This supplement provides new and additional information beyond that contained in the Prospectuses and should be read in conjunction with the Prospectuses.

Andrew Sutton, a portfolio manager of the Hawaii Municipal Bond Fund (the “Fund”), has departed Bishop Street Capital Management, LLC (“Bishop Street”), the Fund’s investment adviser. In connection therewith, Joshua Lam, the Manager of the Asset Management department of Bishop Street’s Institutional Advisory Services Division, has been added as a Co-Portfolio Manager of the Fund. Stephanie Nomura, President of Bishop Street, will continue to serve as Senior Portfolio Manager of the Fund. Accordingly, effective immediately, the Prospectuses are hereby amended and supplemented as follows:

1. *All references to Mr. Sutton are hereby deleted from the Prospectuses.*
2. *The “Management of the Fund” sections of the Summary Prospectuses and the corresponding sections of the Statutory Prospectuses, are hereby deleted and replaced with the following:*

Bishop Street Capital Management, LLC serves as investment adviser to the Fund. Ms. Stephanie Nomura, President and Senior Portfolio Manager, has managed the Fund since 2021. Mr. Joshua Lam, Co-Portfolio Manager, has managed the Fund since 2025.

3. *In the “Portfolio Managers” sections of the Statutory Prospectuses, the disclosure relating to Mr. Sutton is hereby deleted and replaced with the following:*

Joshua Lam has over 24 years of experience in the financial services industry. He is the Manager of the Asset Management department of the Institutional Advisory Services Division and serves as co-portfolio manager of the Fund. Joshua holds a B.A. from the University of Pennsylvania. He is an active member of CFA Society Hawaii, where he currently serves as Co-Chair of Continuing Education.

BISHOP STREET HAWAII MUNICIPAL BOND FUND

*** INVESTMENT OBJECTIVE

The investment objective of the Fund is to provide high current income exempt from federal and Hawaii state income taxes.

*** FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy and hold Class A Shares of the Fund. You may pay other fees, such as brokerage commissions and other fees, including to financial intermediaries, which are not reflected in the table and Example below. You may qualify for sales charge discounts if you and your family invest, or agree to invest in the future, at least \$50,000 in Class A Shares of the Fund. More information about these and other discounts is available from your financial professional and in "Sales Charges" beginning on page 13 of this prospectus. Investors investing in the Fund through an intermediary should consult Appendix A – Intermediary-Specific Sales Charge Discounts and Waivers, which includes information regarding broker-defined sales charges and related discount and/or waiver policies that apply to purchases through certain intermediaries.

Shareholder Fees

(fees paid directly from your investment)

| | |
|---|-------|
| Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) | 3.00% |
|---|-------|

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

| | |
|--|---------|
| Management Fees | 0.35% |
| Distribution (12b-1) Fees | 0.25% |
| Other Expenses | 0.61% |
| Shareholder Servicing Fees | 0.22% |
| Other Operating Expenses | 0.39% |
| Total Annual Fund Operating Expenses | 1.21% |
| Less Fee Waivers and/or Expense Reimbursements ¹ | (0.41)% |
| Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements | 0.80% |

¹ Bishop Street Capital Management, LLC (Adviser) has contractually agreed to reduce fees and reimburse expenses to the extent necessary to keep Total Annual Fund Operating Expenses for Class A Shares (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, other expenditures which are capitalized in accordance with generally accepted accounting principles, and extraordinary expenses (collectively, excluded expenses)) from exceeding 0.80% of the Fund's average daily net assets through April 30, 2026 (Contractual Expense Limitation). In addition, the Board of Trustees (Board) of Bishop Street Funds (Trust) may permit the Adviser to receive from the Fund the difference between the Total Annual Fund Operating Expenses (not including excluded expenses) and the Contractual Expense Limitation to recoup all or a portion of its prior fee reductions or expense reimbursements made during the rolling three-year period preceding the date of the recoupment if at any point Total Annual Fund Operating Expenses (not including excluded expenses) are below the Contractual Expense Limitation: (i) at the time of the fee waiver and/or expense reimbursement; and (ii) at the time of the recoupment. This agreement may be terminated: (i) by the Board, for any reason at any time; or (ii) by the Adviser, upon ninety (90) days' prior written notice to the Trust, effective as of the close of business on April 30, 2026.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's operating expenses (including one year of capped expenses in each period) remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

| 1 Year | 3 Years | 5 Years | 10 Years |
|--------|---------|---------|----------|
| \$379 | \$633 | \$907 | \$1,687 |

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual Fund operating expenses or in the example, affect the Fund's performance. During its most recent fiscal year, the Fund's portfolio turnover rate was 15% of the average value of its portfolio.

*** PRINCIPAL INVESTMENT STRATEGIES

The Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in investment grade municipal bonds, the interest from which is exempt from regular federal and Hawaii state income taxes. While the Adviser attempts to maximize the portion of the Fund's assets invested in Hawaii issues, the Fund may also invest in municipal bonds issued by other U.S. states, territories and possessions. There is no restriction upon the amount of the Fund's assets that may be invested in obligations that pay income subject to the federal alternative minimum tax (the "Federal AMT") applicable to non-corporate shareholders (i.e., shareholders that are not taxed as corporations, including but not limited to individual investors). To the extent that the Fund invests in securities subject to the Federal AMT, the income received from these securities could be taxable to certain shareholders. Although the Adviser intends to invest Fund assets across a variety of municipal securities, the Fund may have significant positions in certain types of municipal obligations, such as state and local general obligation bonds (bonds whose payments are typically backed by the taxing power of the municipal issuer) and revenue bonds (bonds whose payments are backed by revenue from a particular source). The Fund may also invest in municipal bonds that are pre-refunded, meaning that the payment of principal and interest of the bonds is funded from a designated escrow account that holds U.S. Treasury securities or other obligations of the U.S. Government

(including its agencies and instrumentalities). There is no limit on the average maturity of the Fund's portfolio. While the portfolio duration of the Fund's portfolio will vary, it is generally expected to be within a 10% margin (higher or lower) of the duration of the Fund's benchmark index.

The Adviser will use its judgment to invest in securities that will provide a high level of current income in light of current market conditions. In making a determination to buy, sell or hold a security, the portfolio managers give special consideration to the relative value of the security in comparison to the available alternatives, while remaining consistent with the objectives of the portfolio. The portfolio management team considers several factors when selecting securities for the Fund's portfolio, including the current state of a bond's issuer and the possibility that an improvement or deterioration in its financial health may result in, respectively, an upgrade or downgrade of the issuer's credit rating. The portfolio management team may continue to hold a bond that has been downgraded if it believes it is in the best interest of the Fund's shareholders. The portfolio management team may choose to sell a bond based on its analysis of the economy and any direct impact on budget cash flows, debt ratios, and credit ratings.

The Fund is classified as "non-diversified," which means that it may invest a larger percentage of its assets in a smaller number of issuers than a diversified fund.

■■■ PRINCIPAL RISKS

As with all mutual funds, there is no guarantee that the Fund will achieve its investment objective. You could lose money by investing in the Fund. A Fund share is not a bank deposit and it is not insured or guaranteed by the FDIC or any government agency. In addition to this risk, the Fund is subject to additional risks that may affect the value of its shares, including:

■ Fixed Income Risk

The prices of fixed income securities respond to economic developments, particularly interest rate changes, as well as to perceptions about the creditworthiness of individual issuers, including governments. Generally, fixed income securities will decrease in value if interest rates rise and vice versa. The volatility of lower-rated securities is even greater than that of higher-rated securities. Also, longer-term and longer-duration securities are generally more volatile, so the maturity and duration of securities affects their risk. There is the possibility that an issuer will fail to make timely payments of interest or principal or go bankrupt. In addition, the impact of any epidemic, pandemic or natural disaster, or widespread fear that such events may occur, could negatively affect the global economy, as well as the economies of individual countries, the financial performance of individual companies and sectors, and the markets in general in significant and unforeseen ways. Any such impact could adversely affect the prices and liquidity of the securities and other instruments

in which the Fund invests, which in turn could negatively impact the Fund's performance and cause losses on your investment in the Fund.

■ Concentration Risk

The Fund's concentration of investments in securities of issuers located in Hawaii subjects the Fund to economic conditions and government policies within that state. As a result, the Fund will be more susceptible to factors that adversely affect issuers of Hawaii obligations than a mutual fund that does not have as great a concentration in Hawaii.

■ Non-Diversification Risk

The Fund is non-diversified, which means that it may invest in the securities of relatively few issuers. As a result, the Fund may be more susceptible to a single adverse economic or political/regulatory occurrence affecting one or more of these issuers, and may experience increased volatility due to its investments in those securities. However, the Fund intends to satisfy the asset diversification requirements for qualifying as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code").

■ Municipal Issuer Risk

There may be economic or political changes that impact the ability of municipal issuers to repay principal and to make interest payments on municipal securities. Changes in the financial condition or credit rating of municipal issuers also may adversely affect the value of the Fund's securities. In addition, the Fund invests significantly in municipal obligations of issuers located in Hawaii. The values of shares of the Fund therefore will be affected by economic and political developments in Hawaii.

■ Management Risk

The Fund is subject to the risk that a strategy used by the Fund's management may fail to produce the intended result.

■ Liquidity Risk

Liquidity risk is the risk that certain securities may be difficult or impossible to sell at the time and the price that the Fund would like.

■ Valuation Risk

Valuation risk is the risk that certain securities may be difficult to value.

■ Pre-Refunded Bonds Risk

Pre-refunded bonds are bonds that have been refunded to a call date prior to the final maturity of principal, or, in the case of pre-refunded bonds commonly referred to as "escrowed-to-maturity bonds," to the final maturity of principal, and remain outstanding in the municipal market. The payment of principal and interest of the pre-refunded bonds held by the Fund is funded from securities held in a designated escrow account where

such securities are obligations of the U.S. Treasury and/or U.S. Government agencies or instrumentalities. The securities held in the escrow fund pledged to pay the principal and interest of the pre-refunded bond do not guarantee the price of the bond.

■ **Tax Risk**

Income from municipal bonds held by the Fund could be declared taxable because of unfavorable changes in tax laws, adverse interpretations by the Internal Revenue Service (“IRS”) or state tax authorities, or noncompliant conduct of a bond issuer. In addition, a portion of the Fund’s otherwise exempt-interest dividends may be taxable to non-corporate shareholders subject to the Federal AMT.

■ **Cyber Security Risk**

The Fund and its service providers may be susceptible to operational and information security risks resulting from a breach in cyber security, including cyber-attacks. Cyber-attacks may interfere with the processing of shareholder transactions, impact the Fund’s ability to calculate its net asset value, cause the release of private shareholder information or confidential company information, impede redemptions, subject the Fund to regulatory fines or financial losses, and cause reputational damage. Similar types of cyber security risks are also present for issuers of securities in which the Fund invests.

■ **PERFORMANCE INFORMATION**

The bar chart and table that follow illustrate the risks and volatility of an investment in Class A Shares of the Fund. Of course, the Fund’s past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. Updated performance information is available on the Fund’s website at www.bishopstreetfunds.com or by calling 1-800-262-9565.

The following bar chart shows changes in performance of the Fund’s Class A Shares from calendar year to calendar year. Sales charges are not reflected in the bar chart; if they were reflected, returns would be less than those shown.

Best Quarter
5.33%
12/31/2023

Worst Quarter
(5.02)%
3/31/2022

The performance information shown above is based on a calendar year. The Fund’s Class A Shares’ performance information from 1/1/25 to 3/31/25 was (0.19)%.

The following table compares the Fund’s Class A Shares’ average annual total returns (after applicable sales charges) to those of the Bloomberg US Municipal Bond Index, and a more narrowly based index with characteristics relevant to the Fund’s investment strategies. After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Your actual after-tax returns will depend on your tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts (“IRAs”).

Returns after taxes on distributions and sale of Fund shares may be higher than before-tax returns when a net capital loss occurs upon the redemption of Fund shares.

| Average Annual Total Returns (for the periods ended December 31, 2024) | | | |
|---|---------------|----------------|-----------------|
| | 1 Year | 5 Years | 10 Years |
| Fund Return Before Taxes | (1.88)% | (0.59)% | 0.79% |
| Fund Return After Taxes on Distributions | (1.89)% | (0.63)% | 0.73% |
| Fund Return After Taxes on Distributions and Sale of Fund Shares | (0.30)% | (0.09)% | 1.03% |
| Bloomberg US Municipal Bond Index (reflects no deduction for fees, expenses or taxes) ¹ | 1.05% | 0.99% | 2.25% |
| ICE BofA 1-22 Year US Municipal Securities Index (reflects no deduction for fees, expenses or taxes) ¹ | 1.44% | 1.17% | 2.18% |

¹ Pursuant to new regulatory requirements, the Fund’s broad-based securities market index has changed from the ICE BofA 1-22 Year US Municipal Securities Index to the Bloomberg US Municipal Bond Index.

■ **MANAGEMENT OF THE FUND**

Bishop Street Capital Management, LLC serves as investment adviser to the Fund. Ms. Stephanie Nomura, President and Senior Portfolio Manager, has managed the Fund since 2021. Mr. Andrew Sutton, Portfolio Manager, has managed the Fund since 2025.

■ **PURCHASE AND SALE OF FUND SHARES**

To purchase Class A Shares of the Fund for the first time, you must invest at least \$1,000 (\$500 for those investing in an IRA and for officers, directors and employees of First Hawaiian, Inc. and its banking and non-banking subsidiaries). The minimum investment may be reduced with an Automatic Investment Plan (AIP). The Fund may accept investments of smaller amounts in its sole discretion. There is no minimum for subsequent investments. If you own your shares directly, you may redeem

your shares on any day that the New York Stock Exchange is open for business by contacting the Fund directly by mail at Bishop Street Funds, c/o SS&C Global Investor & Distribution Solutions, Inc., PO Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: Bishop Street Funds, c/o SS&C Global Investor & Distribution Solutions, Inc., 801 Pennsylvania Avenue, Suite 219009, Kansas City, MO 64105-1307) or by telephone at 1-800-262-9565 (for redemptions of \$50,000 or less). If you own your shares through an account with a broker or other institution, contact that broker or institution to redeem your shares.

*** TAX INFORMATION

The Fund intends to distribute income that is exempt from both regular federal and Hawaii state income taxes.

*** PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

MORE INFORMATION ABOUT RISK

The Fund is a mutual fund. A mutual fund pools shareholders' money and, using professional investment managers, invests it in securities.

The investment managers invest Fund assets in a way that they believe will help the Fund achieve its investment goal. Still, investing in the Fund involves risk and there is no guarantee that the Fund will achieve its investment goal. An investment manager's judgments about the markets, the economy, or companies may not anticipate actual market movements, economic conditions or company performance, and these judgments may affect the return on your investment. In fact, no matter how good a job an investment manager does, you could lose money on your investment in the Fund, just as you could with other investments.

The value of your investment in the Fund is based on the market prices of the securities the Fund holds. These prices change daily due to economic and other events that affect particular companies and other issuers. These price movements, sometimes called volatility, may be greater or lesser depending on the types of securities the Fund owns and the markets in which it trades. The effect on the Fund of a change in the value of a single security will depend on how widely the Fund diversifies its holdings. The Fund is non-diversified, meaning that it may invest a large percentage of its assets in a single issuer or a relatively small number of issuers.

***** FIXED INCOME RISK**

The market value of fixed income investments changes in response to interest rate changes and other factors. During periods of rising interest rates, the values of outstanding fixed income securities generally decrease. Moreover, while securities with longer maturities tend to produce higher yields, the prices of longer maturity

securities are also subject to greater market value fluctuations as a result of changes in interest rates. During periods of falling interest rates, certain debt obligations with high interest rates may be prepaid (or "called") by the issuer prior to maturity. This may cause the Fund's average weighted maturity to fluctuate, and may require the Fund to invest the resulting proceeds at lower interest rates. Income from the Fund's debt securities portfolio will decline if and when the Fund invests the proceeds from matured, traded or called securities in securities with market interest rates that are below the current earnings rate of the Fund's portfolio. A rise in interest rates may also increase volatility and reduce liquidity in the fixed income markets, and result in a decline in the value of the fixed income investments held by the Fund. Reductions in dealer market-making capacity as a result of structural or regulatory changes could further decrease liquidity and/or increase volatility in the fixed income markets. In addition, the impact of any epidemic, pandemic or natural disaster, or widespread fear that such events may occur, could negatively affect the global economy, as well as the economies of individual countries, the financial performance of individual companies and sectors, and the markets in general in significant and unforeseen ways. Any such impact could adversely affect the prices and liquidity of the securities and other instruments in which the Fund invests, which in turn could negatively impact the Fund's performance and cause losses on your investment in the Fund. Recent examples include pandemic risks related to COVID-19 and aggressive measures taken worldwide in response by governments and businesses, elevated inflation levels, problems in the banking sector and wars in Europe and in the Middle East. As a result of these market conditions, the Fund's value may fluctuate and/or the Fund may experience increased redemptions from shareholders, which may impact the Fund's liquidity or force the Fund to sell securities into a declining or illiquid market.

Fixed income securities may also be subject to credit risk, which is the possibility that an issuer will be unable or unwilling to make timely payments of either principal or interest. Since the Fund purchases securities backed by credit enhancements from banks and other financial institutions, changes in the credit ratings of these institutions could cause the Fund to lose money and may affect the Fund's share price. In addition to these fundamental risks, different types of fixed income securities may be subject to the following additional risks:

*** MUNICIPAL ISSUER RISK

There may be economic or political changes that impact the ability of municipal issuers to repay principal and to make interest payments on municipal securities. Changes to the financial condition or credit rating of municipal issuers may also adversely affect the value of the Fund's municipal securities. Constitutional or legislative limits on borrowing by municipal issuers may result in reduced supplies of municipal securities. Moreover, certain municipal securities are backed only by a municipal issuer's ability to levy and collect taxes.

*** PRE-REFUNDED BONDS RISK

Pre-refunded bonds are bonds that have been refunded to a call date prior to the final maturity of principal, or, in the case of pre-refunded bonds commonly referred to as "escrowed-to-maturity bonds," to the final maturity of principal, and remain outstanding in the municipal market. The payment of principal and interest of the pre-refunded bonds held by the Fund is funded from securities held in a designated escrow account where such securities are obligations of the U.S. Treasury and/or U.S. Government agencies or instrumentalities. The securities held in the escrow fund pledged to pay the principal and interest of the pre-refunded bond do not guarantee the price of the bond. In addition, if the Fund sells pre-refunded bonds prior to maturity, the price

received may be more or less than the original cost, depending on market conditions at the time of sale.

*** CONCENTRATION RISK

The Fund's concentration of investments in securities of issuers located in Hawaii subjects the Fund to economic conditions and government policies within that state. As a result, the Fund will be more susceptible to factors that adversely affect issuers of Hawaii obligations than a mutual fund that does not have as great a concentration in Hawaii. The Fund also may be riskier than mutual funds that buy securities of issuers in numerous states.

*** NON-DIVERSIFICATION RISK

Because the Fund is non-diversified, it can take larger positions in securities of any one issuer with respect to its entire portfolio. The assumption of large positions in the securities of a small number of issuers may cause performance to fluctuate to a greater extent than that of a diversified fund because the Fund may be more susceptible to changes in the financial condition of an issuer, as well as to any single political, regulatory or economic occurrence affecting an issuer. However, the Fund intends to satisfy the asset diversification requirements for qualifying as a RIC under Subchapter M of the Code.

*** MANAGEMENT RISK

The Fund's management uses specific investment strategies to seek to achieve the Fund's investment objective. Investment decisions made by management in using these strategies may not produce the results expected by management, may cause the Fund's shares to lose value, or may cause the Fund to underperform other funds with similar investment objectives.

*** LIQUIDITY RISK

Certain debt obligations may be difficult or impossible to sell at the time and price that the

Fund would like. The Fund may have to accept a lower price to sell a security, sell other securities to raise cash, or give up an investment opportunity, any of which may have a negative effect on the management or performance of the Fund.

*** VALUATION RISK

The prices provided by third-party independent pricing services or the fair value determinations made by the Adviser may be different from the prices used by other mutual funds or from the prices at which securities are actually bought and sold. The prices of certain securities provided by third-party independent pricing services may be subject to frequent and significant change, and will vary depending on the information that is available. Certain securities and instruments held by the Fund may be difficult to value, and to the extent the Fund sells a security or instrument at a price lower than that used to value the security, its net asset value will be adversely affected.

*** TAX RISK FOR MUNICIPAL SECURITIES

The Fund will invest in municipal securities in reliance at the time of purchase on an opinion of bond counsel to the issuer that the interest paid on those securities will be excludable from gross income for federal income tax purposes, and the Adviser will not independently verify that opinion. Subsequent to the Fund's acquisition of such a municipal security, however, the security may be determined to pay, or to have paid, taxable income. As a result, the treatment of dividends previously paid or to be paid by the Fund as "exempt-interest dividends" could be adversely affected, subjecting the Fund's shareholders to increased federal income tax liabilities. The IRS also may determine that a municipal bond issued as tax-exempt should in fact be taxable. If the Fund held such a bond, it might have to distribute taxable ordinary income dividends or reclassify a previously distributed exempt-interest dividend as a taxable ordinary income dividend. Distributions

of ordinary taxable income (including any net short-term capital gain) will be taxable to shareholders as ordinary income (and are not expected to be eligible for favorable taxation as "qualified dividend income"), and capital gain dividends will be subject to tax rates applicable to capital gains. The Fund may not be a suitable investment for IRAs, for other tax-exempt or tax-deferred accounts or for investors who are not sensitive to federal income tax consequences of their investments (e.g. investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or IRAs).

*** CYBER SECURITY RISK

The Fund and its service providers may be subject to operational and information security risks resulting from cyber-attacks. Cyber-attacks include, among other behaviors, stealing or corrupting data maintained online or digitally, denial of service attacks on websites, the unauthorized release of confidential information or various other forms of cyber security breaches. Cyber-attacks affecting the Fund or its service providers may adversely impact the Fund. For instance, cyber-attacks may interfere with the processing of shareholder transactions, impact the Fund's ability to calculate its NAV, cause the release of private shareholder information or confidential company information, impede redemptions, subject the Fund to regulatory fines or financial losses, and cause reputational damage. The Fund may also incur additional costs for cyber security risk management purposes. Similar types of cyber security risks are also present for issuers of securities in which the Fund invests, which could result in material adverse consequences for such issuers and may cause the Fund's investment in such portfolio companies to lose value.

MORE INFORMATION ABOUT FUND INVESTMENTS

The investment objective of the Fund is a fundamental policy and cannot be changed without shareholder approval.

This prospectus describes the Fund's principal investment strategies, and the Fund will normally invest in the types of securities and other investments described in this prospectus. In addition to the principal investments and strategies described in this prospectus, the Fund also may invest in other securities, use other strategies, and engage in other investment practices. These investments and strategies, as well as those described in this prospectus, are described in the Fund's Statement of Additional Information (SAI) (for information on how to obtain a copy of the SAI, see the back cover of this prospectus). Of course, there is no guarantee that the Fund will achieve its investment goal.

The investments and strategies described in this prospectus are those that the Fund uses under normal conditions. During unusual economic or market conditions, or for temporary defensive purposes, the Fund may invest up to 100% of its assets in money market instruments and other cash equivalents that would not ordinarily be consistent with its investment objective. If the Fund invests in this manner, it may not achieve its investment objective. The Fund will only make temporary defensive investments if the portfolio managers believe that the risk of loss outweighs the opportunity for capital appreciation or current income.

MORE INFORMATION ABOUT INDICES

As noted earlier in this prospectus, the Fund compares its average annual total returns to those of the Bloomberg US Municipal Bond Index and the ICE BofA 1-22 Year US Municipal

Securities Index. The Bloomberg US Municipal Bond Index tracks the performance of the U.S. dollar-denominated, long-term, tax-exempt bond market and has four main sectors: state and local general obligation bonds, revenue bonds, insured bonds and pre-refunded bonds. The ICE BofA 1-22 Year US Municipal Securities Index tracks the performance of U.S. dollar-denominated investment grade tax-exempt debt publicly issued by U.S. states and territories, and their political subdivisions, in the U.S. domestic market with a remaining term to final maturity of less than 22 years.

An index measures the market prices of a specific group of securities in a particular market or market sector. You cannot invest directly in an index. Unlike a mutual fund, an index does not have an investment adviser and does not pay commissions or expenses. If it did, its performance would be lower.

INFORMATION ABOUT PORTFOLIO HOLDINGS

A description of the Fund's policy and procedures with respect to the circumstances under which the Fund discloses its portfolio securities is available in the SAI. The portfolio holdings for the Fund are disclosed in the Quarterly Holdings Report, which is available on the Fund's website at www.bishopstreetfunds.com. The portfolio holdings information placed on the Fund's website generally will remain there until such information is included in a filing with the SEC.

INVESTMENT ADVISER

The Fund's adviser, Bishop Street Capital Management, is a Hawaii limited liability company established in 1999 with its principal place of business located at 999 Bishop Street, Honolulu, Hawaii 96813. The Adviser is an investment adviser registered with the U.S.

Securities and Exchange Commission under the Investment Advisers Act of 1940, as amended, and is a wholly-owned subsidiary of First Hawaiian Bank. First Hawaiian Bank is a wholly-owned subsidiary of First Hawaiian, Inc. As of March 31, 2025, the Adviser had approximately \$180.9 million in assets under management.

The Adviser makes investment decisions for the Fund and continuously reviews, supervises and administers the Fund's investment program. For its advisory services to the Fund, the Adviser is entitled to a fee, which is calculated daily and paid monthly, at the following annual rate (based on average daily net assets):

Hawaii Municipal Bond Fund 0.35%

Through April 30, 2026, the Adviser has contractually agreed to reduce fees and reimburse expenses to the extent necessary to keep net operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, other expenditures which are capitalized in accordance with generally accepted accounting principles, and extraordinary expenses) from exceeding the average daily net assets of Class A Shares of the Fund as follows:

Hawaii Municipal Bond Fund 0.80%

In addition, the Board may permit the Adviser to receive from the Fund the difference between the Fund's total annual Fund operating expenses (not including excluded expenses) and the Fund's Contractual Expense Limitation to recoup all or a portion of its prior fee reductions or expense reimbursements made during the rolling three-year period preceding the date of the recoupment if at any point total annual Fund operating expenses (not including excluded expenses) are below the Contractual Expense Limitation: (i) at the time of the fee waiver and/or expense reimbursement; and (ii) at the time of the recoupment.

The Adviser intends to continue these fee reductions and expense reimbursements until further notice, but may discontinue them at any time.

In addition to the expense limitation agreement described above, the Fund's administrator and distributor may, from time to time, waive a portion of their fees. These fee waivers are voluntary and may be discontinued at any time. With these fee waivers/reimbursements, the Fund's actual total annual operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, other expenditures which are capitalized in accordance with generally accepted accounting principles, and extraordinary expenses) for Class A Shares (based on average daily net assets) for the fiscal year ended December 31, 2024 were as follows:

Hawaii Municipal Bond Fund 0.80%

For the fiscal year ended December 31, 2024, the Fund paid advisory fees to the Adviser in the following amount (based on average daily net assets):

Hawaii Municipal Bond Fund 0.22%

The Board oversees the Adviser and establishes policies that the Adviser must follow in its management activities. A discussion regarding the basis for the Board's most recent approval of the investment advisory agreement for the Fund will be available in the Fund's reports filed on Form N-CSRS, which will cover the period from January 1, 2025 to June 30, 2025.

***** PORTFOLIO MANAGERS**

Stephanie Nomura has 23 years of experience in the financial services industry. She is a Senior Portfolio Manager in the Asset Management department of the Institutional Advisory Services Division, focusing on municipal fixed income securities and serves as co-portfolio manager of

the Fund. Prior to First Hawaiian Bank, Stephanie was a fixed-income portfolio manager in Los Angeles and most recently the Director of Fixed Income and the portfolio manager of a Hawaii state-focused municipal bond fund at a local financial institution. Stephanie holds a B.A. from the University of California, Irvine, and a MBA from the University of Hawaii. She is a member of CFA Society Hawaii and serves as its co-chair of continuing education. She also is a series 54 Municipal Principal.

Andrew Sutton has over 15 years of experience in the financial services industry. He is a Portfolio Manager in the Asset Management department of the Institutional Advisory Services Division and serves as co-portfolio manager of the Fund. Prior to First Hawaiian Bank, he was an Equity Trader and Vice President at Deutsche Bank Hong Kong, where he managed the single stock flow swap book. He holds a B.A. in Economics from Occidental College.

Additional information about the portfolio managers' compensation, other accounts managed by the portfolio managers, and the portfolio managers' ownership of securities in the Fund is available in the SAI.

*** ADDITIONAL COMPENSATION

The Adviser and its affiliates may act as fiduciaries or provide services in various non-fiduciary capacities with respect to plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and other trust and agency accounts that invest in the Fund. The Adviser and its affiliates may also receive compensation for providing services to the Fund in cases where the compensation is not duplicative of the compensation ERISA accounts pay for fiduciary and non-fiduciary services (e.g., shareholder services).

PURCHASING AND SELLING FUND SHARES

This section tells you how to purchase and sell (sometimes called "redeem") shares of the Fund.

The Fund does not generally accept investments by non-U.S. persons. Non-U.S. persons may be permitted to invest in the Fund subject to the satisfaction of enhanced due diligence.

For information regarding the federal income tax consequences of transactions in shares of the Fund, including information about cost basis reporting, see "Taxes."

*** HOW TO PURCHASE FUND SHARES

You may purchase shares directly by:

- Mail;
- Telephone;
- Wire; or
- Direct Deposit.

To purchase Class A Shares directly from the Fund, complete and send in an account application. If you need an application or have questions, please call 1-800-262-9565. All investments must be made by check, Automated Clearing House (ACH), or wire. All checks must be made payable in U.S. dollars and drawn on U.S. financial institutions. The Fund does not accept purchases made by third-party checks, credit cards, credit card checks, cash, traveler's checks, money orders or cashier's checks. Mail your check to Bishop Street Funds, c/o SS&C Global Investor & Distribution Solutions, Inc., PO Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: Bishop Street Funds, c/o SS&C Global Investor & Distribution Solutions, Inc., 801 Pennsylvania Avenue, Suite 219009, Kansas City, MO 64105-1307).

You may also purchase shares through a representative of First Hawaiian, Inc. and its banking and non-banking subsidiaries, or other

financial institutions that have executed dealer agreements.

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of purchase orders does not constitute receipt by the Fund's transfer agent. The share price used to fill the purchase order is the next price calculated by the Fund after the Fund's transfer agent receives and accepts the order in good order at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

General Information

You may purchase shares on any day that the New York Stock Exchange (NYSE) is open for business (a Business Day).

The Fund reserves the right to reject any specific purchase order for any reason. The Fund is not intended for excessive trading by shareholders in response to short-term market fluctuations. For more information about the Fund's policy on excessive trading, see "Other Policies – Excessive Trading."

The price per share (the offering price) will be the net asset value per share (NAV) next determined after the Fund receives and accepts your purchase order in good order, plus applicable sales charges. The Fund is deemed to have received your order in good order upon receipt of a completed account application and proper payment. If you already have an existing account, the Fund is deemed to have received and accepted your order in good order upon receipt of your order and proper payment. Purchase orders that are not in good order cannot be accepted and processed even if money to purchase shares has been submitted by wire, check or ACH.

The Fund's NAV is calculated once each Business Day as of the regularly scheduled close of normal

trading on the NYSE (normally 4:00 p.m., Eastern Time). So, for you to receive the current Business Day's NAV, generally the Fund must receive and accept your purchase order in good order by the close of normal trading on the NYSE. If your purchase order is not received and accepted in good order before the close of normal trading on the NYSE, you will receive the NAV calculated on the subsequent Business Day on which your order is received and accepted in good order. If the NYSE closes early, as in the case of scheduled half-day trading or unscheduled suspensions of trading, the Fund reserves the right to calculate NAV as of the earlier closing time. The Fund will not accept orders that request a particular day or price for the transaction or any other special conditions. Shares will only be priced on Business Days.

How the Fund Calculates NAV

The NAV of a class of the Fund's shares is determined by dividing the total value of the Fund's portfolio investments and other assets attributable to the class, less any liabilities attributable to the class, by the total number of shares outstanding of the class.

In calculating NAV, the Fund generally values its investment portfolio at market price. If market prices are unavailable or they are unreliable, securities are valued at fair value. The Board has designated the Adviser as the Fund's valuation designee to make all fair value determinations with respect to the Fund's portfolio investments, subject to the Board's oversight. The Adviser has adopted and implemented policies and procedures to be followed when making fair value determinations, and it has established a Valuation Committee through which the Adviser makes fair value determinations.

Fair Value Pricing

The Adviser's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore

subject to the unavoidable risk that the fair value that is assigned to a security may be higher or lower than the security's value would be if a readily available market quotation for the security existed. The Adviser will fair value securities in accordance with its fair valuation policies and procedures, subject to Board oversight.

When valuing fixed income securities with remaining maturities of more than 60 days, the Adviser may use the value of the security provided by pricing services. The values provided by a pricing service may be based upon market quotations for the same security, securities expected to trade in a similar manner or a pricing matrix. When valuing fixed income securities with remaining maturities of 60 days or less, the Adviser may use the security's amortized cost. Amortized cost and the use of a pricing matrix in valuing fixed income securities are forms of fair value pricing.

Other assets for which market quotations are not readily available will be valued at their fair value as determined in good faith by the Adviser, subject to Board oversight.

Minimum Purchases & Automatic Investment Plans

You may open an account with a \$1,000 minimum initial investment in the Fund (\$500 for those investing in an IRA and for officers, directors and employees of First Hawaiian, Inc. and its banking and non-banking subsidiaries). The minimum initial investment may be reduced with an AIP. The Fund may accept initial investments of smaller amounts in its sole discretion. There is no minimum for subsequent investments.

If you have a checking or savings account, you may establish an AIP and open an account with a \$100 minimum initial investment in the Fund (\$50 for officers, directors and employees of First Hawaiian, Inc. and its banking and non-banking subsidiaries). You may then begin regularly

scheduled investments of at least \$50 per month through automatic deductions from your checking or savings accounts.

*** SALES CHARGES

Front-End Sales Charges – Class A Shares

The offering price of Class A Shares is the next calculated NAV after the Fund receives and accepts your request in good order, plus the front-end sales charge. The amount of any front-end sales charge included in your offering price for Class A Shares varies, depending on the amount of your investment:

| If Your Investment is: | Your Sales Charge as a Percentage of Offering Price | Your Sales Charge as a Percentage of Your Net Investment |
|-------------------------------------|---|--|
| Less than \$50,000 | 3.00% | 3.09% |
| \$50,000 but less than \$100,000 | 2.75% | 2.83% |
| \$100,000 but less than \$250,000 | 2.25% | 2.30% |
| \$250,000 but less than \$500,000 | 1.25% | 1.27% |
| \$500,000 but less than \$1,000,000 | 1.00% | 1.01% |
| \$1,000,000 and over | 0.00% | 0.00% |

You may qualify for a reduced sales charge or a sales charge waiver. If you believe that you may qualify for a reduction or waiver of the sales charge, you should discuss this matter with your broker or other financial intermediary. To qualify for these reductions or waivers, you or your financial intermediary must provide sufficient information at the time of purchase to verify that your purchase qualifies for such treatment. This information could be used to aggregate, for example, holdings in retirement accounts, Fund shares owned by your immediate family members, and holdings in accounts at other brokers or financial intermediaries. In addition to breakpoint discounts, the following sections describe other circumstances in which sales charges are waived

or otherwise may be reduced. See “Reduced Sales Charges – Class A Shares” below. Your financial intermediary may not offer any or all of the waivers or discounts discussed below, in which case you would be required to purchase Class A Shares directly from the Fund or through another intermediary in order to receive the desired waiver or discount. **Investors investing in the Fund through an intermediary should consult “Sales Charge Waivers and Reductions Available Through Certain Financial Intermediaries” below, and Appendix A – Intermediary-Specific Sales Charge Discounts and Waivers, which includes information regarding broker-defined sales charges and related discount and/or waiver policies that apply to purchases through certain intermediaries.**

Waiver of Front-End Sales Charges – Class A Shares

The front-end sales charge will be waived on Class A Shares purchased:

- through reinvestment of dividends and distributions;
- by persons repurchasing shares they redeemed within the last 30 days (see “Repurchase of Class A Shares” below);
- by investors who purchase shares with redemption proceeds (but only to the extent of such redemption proceeds) from another investment company within 30 days of such redemption, provided that, the investors paid either a front-end or contingent deferred sales charge on the original shares redeemed;
- by present and retired Trustees of the Fund and officers, directors and employees (and members of their immediate family) of First Hawaiian, Inc. and its banking and non-banking subsidiaries;
- by persons reinvesting distributions from qualified employee benefit retirement plans

and rollovers from IRAs previously held with First Hawaiian, Inc. and its banking and non-banking subsidiaries;

- by persons investing an amount less than or equal to the value of an account distribution when an account for which a bank affiliated with First Hawaiian, Inc. and its banking and non-banking subsidiaries acted in a fiduciary, administrative, custodial or investment advisory capacity is closed;
- through dealers, retirement plans, asset allocation programs and financial institutions that, under their dealer agreements with the Fund’s distributor or otherwise, do not receive any portion of the front-end sales charge; or
- by former shareholders of the Hawaii Municipal Fund (Acquired Fund), a series of Lee Financial Mutual Fund, Inc., that received Fund shares in connection with the Acquired Fund’s reorganization into the Fund on December 4, 2023.

You should inquire with your financial intermediary regarding whether a waiver of front-end sales charge is applicable to you.

Repurchase of Class A Shares

You may repurchase any amount of Class A Shares of the Fund at NAV (without the normal front-end sales charge), up to the limit of the value of any amount of Class A Shares (other than those that were purchased with reinvested dividends and distributions) that you redeemed within the past 30 days. In effect, this allows you to reacquire shares that you may have had to redeem, without re-paying the front-end sales charge. To exercise this privilege, the Fund must receive your purchase order within 30 days of your redemption. In addition, you must notify the Fund when you send in your purchase order that you are repurchasing shares. Certain tax rules may limit your ability to recognize a loss on the redemption of your Class A

Shares, and you should consult your tax advisor if recognizing such a loss is important to you.

Reduced Sales Charges – Class A Shares

In addition to the above described reductions in initial sales charges for purchases over a certain dollar size, you may also be eligible to participate in one or more of the programs described below to lower your initial sales charge. To be eligible to participate in these programs, you must inform your broker-dealer or financial advisor at the time you purchase shares that you would like to participate in one or more of the programs and provide information necessary to determine your eligibility to participate, including the account number(s) and names in which your accounts are registered at the time of purchase. In addition, the Fund or its agent may request account statements if it is unable to verify your account information.

Rights of Accumulation. In calculating the appropriate sales charge rate, the right of accumulation allows you to add the value of the Class A Shares you already own to the amount that you are currently purchasing. The Fund will combine the value of your current purchases with the current value of any Class A Shares you purchased previously for (i) your account, (ii) your spouse's account, (iii) a joint account with your spouse, or (iv) your minor children's trust or custodial accounts. A fiduciary purchasing shares for the same fiduciary account, trust or estate may also use this right of accumulation. The Fund will only consider the value of Class A Shares purchased previously that were sold subject to a sales charge. To be entitled to a reduced sales charge based on shares already owned, you must ask us for the reduction at the time of purchase. You must provide the Fund with your account number(s) and, if applicable, the account numbers for your spouse and/or children (and provide the children's ages). The Fund may amend or terminate this right of accumulation at any time.

Letter of Intent. You may purchase Class A Shares at the sales charge rate applicable to the total amount of the purchases you intend to make over a 13-month period. In other words, a Letter of Intent (Letter) allows you to purchase Class A Shares of the Fund over a 13-month period and receive the same sales charge as if you had purchased all the shares at the same time. The Fund will only consider the value of Class A Shares sold subject to a sales charge. As a result, Class A Shares purchased with dividends or distributions will not be included in the calculation. To be entitled to a reduced sales charge based on shares you intend to purchase over the 13-month period, you must send the Fund a Letter. In calculating the total amount of purchases, you may include in your Letter purchases made up to 90 days before the date of the Letter. The 13-month period begins on the date of the first purchase, including those purchases made in the 90-day period before the date of the Letter. Please note that the purchase price of these prior purchases will not be adjusted.

You are not legally bound by the terms of your Letter of Intent to purchase the amount of your shares stated in the Letter. The Letter does, however, authorize the Fund to hold in escrow 5% of the total amount you intend to purchase. If you do not complete the total intended purchase at the end of the 13-month period, the Fund's transfer agent will redeem the necessary portion of the escrowed shares to make up the difference between the reduced rate sales charge (based on the amount you intended to purchase) and the sales charge that would normally apply (based on the actual amount you purchased).

Combined Purchase/Quantity Discount

Privilege. When calculating the appropriate sales charge rate, the Fund will combine same day purchases of Class A Shares (that are subject to a sales charge) made by you, your spouse and your minor children (under age 21). This combination

also applies to Class A Shares you purchase with a Letter.

Purchasers Qualifying for Reductions in Initial Sales Charges. Only certain persons or groups are eligible for the reductions in initial sales charges described in the preceding section. These qualified purchasers include the following:

Individuals

- an individual, his or her spouse, or children residing in the same household,
- any trust established exclusively for the benefit of an individual,

Trustees and Fiduciaries

- a trustee or fiduciary purchasing for a single trust, estate or fiduciary account, and

Other Groups

- any organized group of persons, whether or not incorporated, purchasing Fund shares, provided that (i) the organization has been in existence for at least six months; and (ii) the organization has some purpose other than the purchase at a discount of redeemable securities of a registered investment company.

Investors or dealers seeking to qualify orders for a reduced initial sales charge must identify such orders at the time of purchase and, if necessary, support their qualification for the reduced charge with appropriate documentation. Appropriate documentation includes, without limitation, account statements regarding shares of the Fund held in all accounts (e.g., retirement accounts) by the investor, and, if applicable, his or her spouse and children residing in the same household, including accounts at broker-dealers or other financial intermediaries different than the broker-dealer of record for the current purchase of Fund shares. The distributor reserves the right to determine whether any purchaser is entitled, by virtue of the foregoing, to the reduced initial sales

charge. No person or entity may distribute shares of the Fund without payment of the applicable sales charge other than to persons or entities who qualify for a reduction in the sales charge as provided herein.

You should inquire with your financial intermediary regarding whether a reduction of front-end sales charge is applicable to you.

Sales Charge Waivers and Reductions Available Through Certain Financial Intermediaries

The availability of certain sales charge waivers and discounts may depend on whether you purchase your shares directly from the Fund or through a financial intermediary. Different intermediaries may impose different sales charges (including potential reductions in or waivers of sales charges). Such intermediary-specific sales charge variations are described in Appendix A to this prospectus, entitled “Intermediary-Specific Sales Charge Discounts and Waivers.” Appendix A is incorporated herein by reference and, therefore, is legally a part of this prospectus.

In all instances, it is the purchaser’s responsibility to notify the Fund or the purchaser’s financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive such waivers or discounts.

General Information About Sales Charges

Your securities dealer is paid a commission when you buy your shares and is paid a distribution fee as long as you hold your shares. Your securities dealer or servicing agent may receive different levels of compensation depending on which class of shares you buy.

From time to time, some financial institutions, including brokerage firms affiliated with the Adviser or the distributor, may be reallocated up to the entire sales charge. Firms that receive a reallocation of the entire sales charge may be considered underwriters for the purpose of federal securities law.

The distributor may, from time to time in its sole discretion, institute one or more promotional incentive programs for dealers, which will be paid for by the distributor from any sales charge it receives or from any other source available to it. Under any such program, the distributor may provide cash or non-cash compensation as recognition for past sales or encouragement for future sales that may include the following: merchandise, travel expenses, prizes, meals and lodgings, and gifts that do not exceed \$100 per year, per individual.

Information regarding the Fund's sales charges may be obtained free of charge by calling toll-free 1-800-262-9565.

Because this prospectus is available on the Fund's website free of charge, the Fund does not separately make information regarding the Fund's sales charges available on the website.

***** HOW TO SELL YOUR FUND SHARES**

If you own your shares directly, you may sell your shares on any Business Day by contacting the Fund by mail at Bishop Street Funds, c/o SS&C Global Investor & Distribution Solutions, Inc., PO Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: Bishop Street Funds, c/o SS&C Global Investor & Distribution Solutions, Inc., 801 Pennsylvania Avenue, Suite 219009, Kansas City, MO 64105-1307) or by telephone at 1-800-262-9565.

The Fund does not consider the U.S. Postal Service or other independent delivery services

to be its agents. Therefore, deposit in the mail or with such services of sell orders does not constitute receipt by the Fund's transfer agent. The share price used to fill the sell order is the next price calculated by the Fund after the Fund's transfer agent receives and accepts the order in good order at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

If you own your shares through an account with a broker or other institution, contact that broker or institution to sell your shares. Your broker or institution may charge a fee for its services, in addition to the fees charged by the Fund.

Certain redemption requests will require a Medallion Signature Guarantee by an eligible guarantor institution, including redemption requests to sell more than \$50,000 of your shares. Eligible guarantors include commercial banks, savings and loans, savings banks, trust companies, credit unions, member firms of a national stock exchange, or any other member or participant of an approved Medallion Signature Guarantor program (Eligible Guarantors). For example, Medallion Signature Guarantees may be required if your address of record has changed in the last 30 days, if you are requesting money to be wired to a bank account that has changed in the last 30 days, if you want the proceeds sent to a bank other than the bank of record on your account, or if you ask that the proceeds be sent to a different person or address. Please note that a notary public is not an acceptable provider of a Medallion Signature Guarantee and the original Guarantee must be provided. Medallion Signature Guarantees are for the protection of Fund shareholders. Before it grants a redemption request, the Fund may require a shareholder to furnish additional legal documents to ensure proper authorization.

Accounts held by a corporation, trust, fiduciary or partnership may require additional documentation along with a signature guaranteed

letter of instruction. Please contact the Fund at 1-800-262-9565 for more information.

The Fund participates in the Paperless Legal Program (Program), which allows the transfer agent to rely on Eligible Guarantors, through the Medallion Signature Guarantee process, in authenticating and processing redemption requests. Requests received with a Medallion Signature Guarantee will be reviewed for the proper criteria to meet the guidelines of the Program and may not require additional documentation.

The sale price of each share will be the next determined NAV after the Fund receives and accepts your request in good order.

Systematic Withdrawal Plan

If you have at least \$10,000 in the Fund in your account, you may use the Systematic Withdrawal Plan. Under the plan you may arrange monthly, quarterly, semi-annual or annual automatic withdrawals of at least \$50 from the Fund. The proceeds of each withdrawal will be mailed to you by check or electronically transferred to your bank account.

Receiving Your Money

Normally, the Fund will send your sale proceeds within one Business Day after it receives your redemption request. The Fund, however, may take up to seven days to pay redemption proceeds. Your proceeds can be wired to your bank account if your redemption proceeds are in excess of \$500 (may be subject to a \$15 fee), sent to you by check or sent via ACH to your bank account if you have established banking instructions with the Fund. **If you are selling shares that were recently purchased by check or through ACH, redemption proceeds may not be available until your check has cleared or the ACH transaction has been completed (which may take up to 15 days from your date of purchase).**

The Fund typically expects to sell portfolio assets and/or hold cash or cash equivalents to meet redemption requests. On a less regular basis, the Fund may also meet redemption requests by drawing on a line of credit, using short-term borrowings from its custodian and/or redeeming shares in-kind (as described below). These methods may be used during both normal and stressed market conditions.

Redemptions in Kind

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise (and for the protection of the Fund's remaining shareholders) the Fund might pay all or part of your redemption proceeds in liquid securities with a market value equal to the redemption price (redemption in kind). It is highly unlikely that your shares would ever be redeemed in kind, but if they were, you would have to pay transaction costs to sell the securities distributed to you, as well as taxes on any capital gains from the sale as with any redemption. In addition, you would continue to be subject to the risks of any market fluctuation in the value of the securities you receive in kind until they are sold.

Involuntary Sales of Your Shares

If your account balance drops below \$1,000 (\$500 for those investing in an IRA and for officers, directors and employees of First Hawaiian, Inc. and its banking and non-banking subsidiaries; \$100 for those who have arranged to purchase shares through an AIP; and \$50 for officers, directors and employees of First Hawaiian, Inc. and its banking and non-banking subsidiaries who have arranged to purchase shares through an AIP) because of redemptions, you may be required to sell your shares.

The Fund will give you at least 60 days' written notice to give you time to add to your account and avoid the involuntary redemption of your shares.

Suspension of Your Right to Sell Your Shares

The Fund may suspend your right to sell your shares or delay payment of redemption proceeds for more than seven days during times when the NYSE is closed, other than during customary weekends or holidays, or as otherwise permitted by the SEC. More information about this is in the SAI.

Telephone Transactions

Purchasing and selling Fund shares over the telephone is extremely convenient, but not without risk. Although the Fund has certain safeguards and procedures to confirm the identity of callers and the authenticity of instructions, the Fund is not responsible for any losses or costs incurred by following telephone instructions the Fund reasonably believes to be genuine. If you or your financial institution transact with the Fund over the telephone, you will generally bear the risk of any loss.

Buying or Selling Shares through a Financial Intermediary

In addition to being able to buy and sell Fund shares directly from the Fund through its transfer agent, you may also buy or sell shares of the Fund through accounts with financial intermediaries, such as brokers and other institutions that are authorized to place trades in Fund shares for their customers. When you purchase or sell Fund shares through a financial intermediary (rather than directly from the Fund), you may have to transmit your purchase and sale requests to the financial intermediary at an earlier time for your transaction to become effective that day. This allows the financial intermediary time to process your requests and transmit them to the Fund prior to the time the Fund calculates its NAV that day. Your financial intermediary is responsible for transmitting all purchase and redemption requests, investment information, documentation and money to the Fund on time. If your financial

intermediary fails to do so, it may be responsible for any resulting fees or losses. Unless your financial intermediary is an authorized institution, orders transmitted by the financial intermediary and received by the Fund after the time NAV is calculated for a particular day will receive the following day's NAV.

Certain financial intermediaries, including certain broker-dealers and shareholder organizations, are authorized to act as agent on behalf of the Fund with respect to the receipt of purchase and redemption orders for Fund shares (authorized institutions). Authorized institutions are also authorized to designate other intermediaries to receive purchase and redemption orders on the Fund's behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized institution or, if applicable, an authorized institution's designee, receives the order. Orders will be priced at the Fund's next computed NAV after they are received by an authorized institution or an authorized institution's designee. To determine whether your financial intermediary is an authorized institution or an authorized institution's designee such that it may act as agent on behalf of the Fund with respect to purchase and redemption orders for Fund shares, you should contact your financial intermediary directly.

If you deal directly with a financial intermediary, you will have to follow its procedures for transacting with the Fund. Your financial intermediary may charge a fee for your purchase and/or redemption transactions. For more information about how to purchase or sell Fund shares through a financial intermediary, you should contact your financial intermediary directly.

OTHER POLICIES

Excessive Trading

The Fund is intended for long-term investment purposes only and discourages shareholders from engaging in “market timing” or other types of excessive short-term trading. This frequent trading into and out of the Fund may present risks to the Fund’s long-term shareholders, all of which could adversely affect shareholder returns. The risks posed by frequent trading include interfering with the efficient implementation of the Fund’s investment strategies, triggering the recognition of taxable gains and losses on the sale of Fund investments, requiring the Fund to maintain higher cash balances to meet redemption requests, and experiencing increased transaction costs.

The Fund’s service providers will take steps reasonably designed to detect and deter frequent trading by shareholders pursuant to the Fund’s policies and procedures described in this prospectus and approved by the Board. For purposes of applying these policies, the Fund’s service providers may consider the trading history of accounts under common ownership or control. The Fund’s policies and procedures include:

- Shareholders are restricted from making more than four “round trips” into or out of the Fund per calendar year. If a shareholder exceeds this amount, the Fund and/or its service providers may, at their discretion, reject any additional purchase orders. The Fund defines a “round trip” as a purchase into the Fund by a shareholder, followed by a subsequent redemption out of the Fund, of an amount the Adviser reasonably believes would be harmful or disruptive to the Fund.
- The Fund reserves the right to reject any purchase request by any investor or group of investors for any reason without prior notice, including, in particular, if the Fund or the

Adviser reasonably believe that the trading activity would be harmful or disruptive to the Fund.

The following types of transactions are exempt from these policies: 1) systematic purchases and redemptions, and 2) purchases or redemptions by an account participating in a bona fide asset allocation program.

The Fund and/or its service providers seek to apply these policies to the best of their abilities uniformly and in a manner they believe is consistent with the interests of the Fund’s long-term shareholders. Although these policies are designed to deter frequent trading in the Fund, none of these measures alone nor all of them taken together eliminate the possibility that frequent trading will occur.

Financial intermediaries (such as investment advisers and broker-dealers) often establish omnibus accounts in the Fund for their customers through which transactions are placed. The Fund has entered into “information sharing agreements” with these financial intermediaries, which permit the Fund to obtain, upon request, information about the trading activity of the intermediary’s customers that invest in the Fund. If the Fund or its service providers identify omnibus account level trading patterns that have the potential to be detrimental to the Fund, the Fund or its service providers may, in their sole discretion, request from the financial intermediary information concerning the trading activity of its customers. Based upon a review of that information, if the Fund or its service providers determine that the trading activity of any customer may be detrimental to the Fund, they may, in their sole discretion, request the financial intermediary to restrict or limit further trading in the Fund by that customer. If the Fund is not satisfied that the intermediary has taken appropriate action, the Fund may terminate the intermediary’s ability to transact in Fund shares.

When information regarding transactions in the Fund's shares is requested by the Fund and such information is in the possession of a person that is itself a financial intermediary to a financial intermediary (an "indirect intermediary"), any financial intermediary with whom the Fund has an information sharing agreement is obligated to obtain transaction information from the indirect intermediary or, if directed by the Fund, to restrict or prohibit the indirect intermediary from purchasing shares of the Fund on behalf of other persons.

The Fund and its service providers will use reasonable efforts to work with financial intermediaries to identify excessive short-term trading in omnibus accounts that may be detrimental to the Fund. However, there can be no assurance that the monitoring of omnibus account level trading will enable the Fund to identify or prevent all such trading by a financial intermediary's customers. Please contact your financial intermediary for more information.

Customer Identification and Verification

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account.

When you open an account, the Fund will ask you to provide your name, address, date of birth and other information that will allow the Fund to identify you. This information is subject to verification to ensure the identity of all persons opening a mutual fund account.

In certain instances, the Fund is required to collect documents to fulfill its legal obligation. Documents provided in connection with your application will be used solely to establish and verify your identity.

The Fund is required by law to reject your new account application if the required identifying information is not provided. Attempts to collect the missing information required on the application will be performed by either contacting you or, if applicable, your broker. If this information is unable to be obtained within a reasonable timeframe established in the sole discretion of the Fund, your application will be rejected.

Upon receipt of your application in good order (or upon receipt of all identifying information required on the application), your investment will be accepted and your order will be processed at the Fund's next determined NAV.

The Fund reserves the right to close or liquidate your account at the then-current day's price and remit proceeds to you via check if it is unable to verify your identity. Attempts to verify your identity will be performed within a reasonable timeframe established in the sole discretion of the Fund. Further, the Fund reserves the right to hold your proceeds until your original check clears the bank, which may take up to 15 days from the date of your purchase. In such an instance, you may be subject to a gain or loss on Fund shares and will be subject to corresponding tax implications.

Anti-Money Laundering Program

Customer identification and verification is part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an anti-money laundering compliance program designed to prevent the Fund from being used for money laundering or the financing of terrorist activities. In this regard, the Fund reserves the right to (i) refuse, cancel or rescind any purchase order, (ii) freeze any account and/or suspend account services, or (iii) involuntarily close your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion

of Fund management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority. If your account is closed at the request of governmental or law enforcement authority, you may not receive proceeds of the redemption if the Fund is required to withhold such proceeds.

Unclaimed Property

Each state has unclaimed property rules that generally provide for escheatment (or transfer) to the state of unclaimed property under various circumstances. Such circumstances include inactivity (e.g., no owner-initiated contact for a certain period), returned mail (e.g., when mail sent to a shareholder is returned by the post office, or “RPO,” as undeliverable), or a combination of both inactivity and returned mail. Once it flags property as unclaimed, the Fund will attempt to contact the shareholder, but if that attempt is unsuccessful, the account may be considered abandoned and escheated to the state.

Shareholders that reside in the state of Texas may designate a representative to receive escheatment notifications by completing and submitting a designation form that can be found on the website of the Texas Comptroller. While the designated representative does not have any rights to claim or access the shareholder’s account or assets, the escheatment period will cease if the representative communicates knowledge of the shareholder’s location and confirms that the shareholder has not abandoned his or her property. A completed designation form may be mailed to the Fund (if shares are held directly with the Fund) or to the shareholder’s financial intermediary (if shares are not held directly with the Fund).

More information on unclaimed property and how to maintain an active account is available through your state or by calling 1-800-262-9565.

PAYMENTS TO FINANCIAL INTERMEDIARIES

The Fund and/or the Adviser may compensate financial intermediaries for providing a variety of services to the Fund and/or its shareholders. Financial intermediaries include affiliated or unaffiliated brokers, dealers, banks (including bank trust departments), trust companies, registered investment advisers, financial planners, retirement plan administrators, insurance companies, and any other institution having a service, administration, or any similar arrangement with the Fund, its service providers or their respective affiliates. This section briefly describes how financial intermediaries may be paid for providing these services. For more information, please see “Payments to Financial Intermediaries” in the SAI.

Distribution Plan

The Fund has adopted a distribution plan under Rule 12b-1 of the Investment Company Act of 1940, as amended for Class A Shares that allows the Fund to pay distribution and/or service fees for the sale and distribution of Fund shares, and for services provided to shareholders. Because these fees are paid out of the Fund’s assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. The maximum annual Rule 12b-1 fee for Class A Shares of the Fund is 0.25%.

Shareholder Servicing Plan

The Fund has adopted a shareholder servicing plan that provides that the Fund may pay financial intermediaries for shareholder services in an annual amount not to exceed 0.25% based on the average daily net assets of the Fund’s Class A Shares. The services for which financial intermediaries are compensated may include record-keeping, transaction processing

for shareholders' accounts and other shareholder services.

Payments by the Adviser

From time to time, the Adviser and/or its affiliates, in their discretion, may make payments to certain affiliated or unaffiliated financial intermediaries to compensate them for the costs associated with distribution, marketing, administration and shareholder servicing support for the Fund. These payments are sometimes characterized as "revenue sharing" payments and are made out of the Adviser's and/or its affiliates' own legitimate profits or other resources, and may be in addition to any payments made to financial intermediaries by the Fund. A financial intermediary may provide these services with respect to Fund shares sold or held through programs such as retirement plans, qualified tuition programs, fund supermarkets, fee-based advisory or wrap fee programs, bank trust programs, and insurance (e.g., individual or group annuity) programs. In addition, financial intermediaries may receive payments for making shares of the Fund available to their customers or registered representatives, including providing the Fund with "shelf space," placing it on a preferred or recommended fund list, or promoting the Fund in certain sales programs that are sponsored by financial intermediaries. To the extent permitted by SEC and Financial Industry Regulatory Authority ("FINRA") rules and other applicable laws and regulations, the Adviser and/or its affiliates may pay or allow other promotional incentives or payments to financial intermediaries.

The level of payments made by the Adviser and/or its affiliates to individual financial intermediaries varies in any given year and may be negotiated on the basis of sales of Fund shares, the amount of Fund assets serviced by the financial intermediary or the quality of the financial intermediary's relationship with the Adviser and/or its affiliates. These payments may be more or less than the payments received by the financial intermediaries

from other mutual funds and may influence a financial intermediary to favor the sales of certain funds or share classes over others. In certain instances, the payments could be significant and may cause a conflict of interest for your financial intermediary. Any such payments will not change the NAV or price of the Fund's shares. Please contact your financial intermediary for information about any payments it may receive in connection with the sale of Fund shares or the provision of services to Fund shareholders.

In addition to these payments, your financial intermediary may charge you account fees, commissions or transaction fees for buying or redeeming shares of the Fund, or other fees for servicing your account. Your financial intermediary should provide a schedule of its fees and services to you upon request.

DIVIDENDS AND DISTRIBUTIONS

The Fund declares its net investment income, if any, daily and distributes its net investment income monthly. The Fund makes distributions of its net realized capital gains, if any, at least annually. If you own Fund shares on the Fund's record date, you will be entitled to receive the distribution.

You will receive dividends and distributions in the form of additional Fund shares unless you elect to receive payment in cash. To elect cash payment, you must notify the Fund in writing prior to the date of the distribution. Your election will be effective for dividends and distributions paid after the Fund receives your written notice. To cancel your election, simply send the Fund written notice.

TAXES

Please consult your tax advisor regarding your specific questions about U.S. federal, state and local income taxes. The following is a summary of certain important U.S. federal income tax issues that affect the Fund and its shareholders. This summary is based on current tax laws, which may change. This summary does not apply to shares held in an IRA or other tax-qualified plans, which are generally not subject to current tax. Transactions relating to shares held in such accounts may, however, be taxable at some time in the future.

The Fund has elected and intends to qualify each year for treatment as a RIC under Subchapter M of the Code. If it meets certain minimum distribution requirements, a RIC is not subject to tax at the fund level on income and gains from investments that are timely distributed to shareholders. However, the Fund's failure to qualify as a RIC or to meet minimum distribution requirements would result (if certain relief provisions were not available) in fund-level taxation and, consequently, a reduction in income available for distribution to shareholders.

The Fund generally intends to operate in a manner such that it will not be liable for federal income or excise taxes.

The Fund intends to distribute substantially all of its net investment income and net realized capital gains, if any. The Fund intends to qualify to pay "exempt-interest dividends" to its shareholders by satisfying the requirement that at the close of each quarter of its taxable year at least 50% of the value of its total assets consist of obligations, the interest on which is exempt from regular federal income tax. As long as this and certain other requirements are met, dividends derived from the Fund's net tax-exempt interest income will be "exempt-interest dividends" that may be excluded from shareholders' gross income for federal income

tax purposes. Distributions from the Fund to its shareholders that are attributable to interest on obligations exempt from income tax in the State of Hawaii will not be subject to Hawaii income tax in the hands of shareholders so long as at least 50% of the Fund's assets are invested in securities the interest from which is exempt from Hawaii state taxation. While the Fund intends to invest primarily in obligations that produce interest exempt from regular federal and Hawaii state tax, if the Fund invests in obligations that are not exempt for Hawaii income tax purposes, a portion of the Fund's distribution will be subject to Hawaii income tax. A portion of the Fund's distributions from "private activity bonds" may be taxable to certain shareholders as an "item of tax preference" for purposes of the Federal AMT applicable to non-corporate shareholders. The Fund may also invest a portion of its assets in securities that generate taxable income for federal or state income tax purposes. In addition, exempt-interest dividends may affect the federal corporate AMT for certain corporations. Income exempt from federal tax may also be subject to state or local income taxes. Income from municipal bonds held by the Fund could be declared taxable because of unfavorable changes in tax laws, adverse interpretations by the IRS or state tax authorities, or noncompliant conduct of a bond issuer. Interest paid on a municipal bond issued after December 31, 2017 to advance refund another municipal bond is subject to federal income tax. Distributions of capital gains and any investment income that is not exempt from federal income tax are generally taxable to you regardless of whether you reinvest them in additional shares of the Fund or receive them in cash. Some distributions from the Fund may also include nontaxable returns of capital. Return of capital distributions reduce your tax basis in your Fund shares and are treated as gain from the sale of the shares to the extent your basis is reduced below zero.

A RIC that receives business interest income may pass through its net business interest income for purposes of the tax rules applicable to the interest expense limitations under Section 163(j) of the Code. A RIC's total "Section 163(j) Interest Dividend" for a tax year is limited to the excess of the RIC's business interest income over the sum of its business interest expense and its other deductions properly allocable to its business interest income. A RIC may, in its discretion, designate all or a portion of ordinary dividends as Section 163(j) Interest Dividends, which would allow the recipient shareholder to treat the designated portion of such dividends as interest income for purposes of determining such shareholder's interest expense deduction limitation under Section 163(j). This can potentially increase the amount of a shareholder's interest expense deductible under Section 163(j). In general, to be eligible to treat a Section 163(j) Interest Dividend as interest income, you must have held your shares in the Fund for more than 180 days during the 361-day period beginning on the date that is 180 days before the date on which the share becomes ex-dividend with respect to such dividend. Section 163(j) Interest Dividends, if so designated by the Fund, will be reported to your financial intermediary or otherwise in accordance with the requirements specified by the IRS.

The Fund's distribution of its net investment income (other than distributions of exempt-interest dividends) and short-term capital gains are generally taxable at ordinary income tax rates. Long-term capital gains distributions are generally taxable at the rates applicable to long-term capital gains currently set at a maximum tax rate for individuals at 20% (lower rates apply to individuals in lower tax brackets). Once a year the Fund (or its administrative agent) will send you a statement showing the types and total amount of distributions you received during the previous year.

You should note that if you purchase shares just before a distribution, the purchase price would reflect the amount of the upcoming distribution. In this case, you would be taxed on the entire amount of the distribution received, even though, as an economic matter, the distribution simply constitutes a return of your investment. This is known as "buying a dividend" and should generally be avoided by taxable investors.

Each sale of Fund shares may be a taxable event. Assuming a shareholder holds Fund shares as a capital asset, the gain or loss on the sale of Fund shares generally will be treated as a short-term capital gain or loss if you held the shares for 12 months or less or as a long-term capital gain or loss if you held the shares for longer. Any loss realized upon a taxable disposition of Fund shares held for six months or less will be treated as long-term, rather than short-term, to the extent of any long-term capital gain distributions received (or deemed received) by you with respect to Fund shares. All or a portion of any loss realized upon a taxable disposition of Fund shares will be disallowed if you purchase other substantially identical shares within 30 days before or after disposition. In such a case, the basis of the newly purchased shares will be adjusted to reflect the disallowed loss.

U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly) are subject to a 3.8% tax on their "net investment income," including interest, dividends, and capital gains received from the Fund (including capital gains realized on the sale of shares of the Fund). Exempt-interest dividends do not constitute "net investment income" for this purpose.

The Fund (or its administrative agent) must report to the IRS and furnish to Fund shareholders cost basis information for purchases of Fund shares. In addition to reporting the gross proceeds from the sale of Fund shares, the Fund (or its administrative agent) is also required to report the cost basis information for such shares and report whether

these shares had a short-term or long-term holding period. For each sale of Fund shares, the Fund will permit shareholders to elect from among several IRS-accepted cost basis methods, including the average cost basis method. In the absence of an election, the Fund will use the average cost basis method as the default cost basis method. The cost basis method elected by Fund shareholders (or the cost basis method applied by default) for each sale of Fund shares may not be changed after the settlement date of each such sale of Fund shares. Fund shareholders should consult their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about cost basis reporting. Shareholders also should carefully review basis information provided to them and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns.

Because each shareholder's tax situation is different, you should consult your tax advisor about the tax implications of an investment in the Fund.

More information about taxes is included in the SAI.

ADDITIONAL INFORMATION

The Trust enters into contractual arrangements with various parties, including, among others, the Fund's investment adviser, custodian, transfer agent, accountants and distributor, who provide services to the Fund. Shareholders are not parties to, or intended (or "third-party") beneficiaries of, any of those contractual arrangements, and those contractual arrangements are not intended to create in any individual shareholder or group of shareholders any right to enforce the terms of the contractual arrangements against the service providers or to seek any remedy under the contractual arrangements against the service providers, either directly or on behalf of the Trust.

This prospectus and the SAI provide information concerning the Trust and the Fund that you should consider in determining whether to purchase shares of the Fund. The Fund may make changes to this information from time to time. Neither this prospectus, the SAI or any document filed as an exhibit to the Trust's registration statement, is intended to, nor does it, give rise to an agreement or contract between the Trust or the Fund and any shareholder, or give rise to any contract or other rights in any individual shareholder, group of shareholders or other person other than any rights conferred explicitly by federal or state securities laws that may not be waived.

FINANCIAL HIGHLIGHTS

The table that follows presents performance information about the Fund's Class A Shares. This information is intended to help you understand the Fund's financial performance for the past five fiscal years. Some of this information reflects financial information for a single Fund share. The total returns in the table represent the rate that you would have earned (or lost) on an investment in the Fund, assuming you reinvested all of your dividends and distributions. This information has been audited by PricewaterhouseCoopers LLP, independent registered public accounting firm for the Fund. The financial statements and the unqualified opinion of PricewaterhouseCoopers LLP are included in the Fund's Form N-CSR filing for the fiscal year ended December 31, 2024, and are available upon request by calling the Fund at 1-800-262-9565.

For a share outstanding throughout the years ended December 31,

Appendix A

Intermediary-Specific Sales Charge Discounts and Waivers

Specific intermediaries may have different policies and procedures regarding the availability of front-end sales charge waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the Fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. **For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive such waivers or discounts.** Please see the "Purchasing and Selling Fund Shares - Sales Charges" section of the Class A Shares prospectus for more information on sales charge discounts and waivers.

The following descriptions of financial intermediary sales charge waivers, discounts, policies or procedures, as the case may be, are reproduced based on information provided by the intermediary. The financial intermediary sales charge waivers, discounts, policies or procedures disclosed in this Appendix may vary from those disclosed in the Class A Shares prospectus or SAI and are subject to change. This Appendix will be updated based on information provided by the financial intermediaries. Neither the Fund, nor the Adviser, nor the Distributor supervises the implementation of financial intermediary sales charge waivers, discounts, policies or procedures nor do they verify the intermediaries' administration of such waivers, discounts, policies or procedures.

The information in this Appendix is part of, and incorporated into, the Class A Shares prospectus.

Raymond James & Associates, Inc., Raymond James Financial Services, Inc. and each entity's affiliates ("Raymond James")

Effective March 1, 2019, shareholders purchasing Fund shares through a Raymond James platform or account, or through an introducing broker-dealer or independent registered investment adviser for which Raymond James provides trade execution, clearance, and/or custody services, will be eligible only for the following front-end sales charge waivers and discounts, which may differ from those disclosed elsewhere in the Class A Shares prospectus or SAI. You should inquire with your financial intermediary regarding whether the following front-end sales charge waivers and discounts are applicable to you.

Front-end sales load waivers on Class A Shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased within the Bishop Street Funds family through a systematic reinvestment of capital gains and dividend distributions.
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the Bishop Street Funds family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end sales load (known as Rights of Reinstatement).

Front-end load discounts available at Raymond James: breakpoints, rights of accumulation, and/or letters of intent

- Breakpoints as described in the Class A Shares prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of Bishop Street Funds family assets held by accounts within the purchaser's household at Raymond James. Eligible Bishop Street Funds family assets not held at Raymond James may be included in the calculation of rights of accumulation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within the Bishop Street Funds family, over a 13-month time period. Eligible Bishop Street Funds family assets not held at Raymond James may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

Edward D. Jones & Co., L.P. ("Edward Jones")

Policies Regarding Transactions Through Edward Jones

The following information has been provided by Edward Jones:

The following information supersedes prior information with respect to transactions and positions held in fund shares through an Edward Jones system. Clients of Edward Jones (also referred to as "shareholders") purchasing fund shares on the Edward Jones commission and fee-based platforms are eligible only for the following sales charge discounts (also referred to as "breakpoints") and waivers, which can differ from discounts and waivers described elsewhere in the mutual fund prospectus or statement of additional information ("SAI") or through another broker-dealer. In all instances, it is the shareholder's responsibility to inform Edward Jones

at the time of purchase of any relationship, holdings of Hawaii Municipal Bond Fund, or other facts qualifying the purchaser for discounts or waivers. Edward Jones can ask for documentation of such circumstance. Shareholders should contact Edward Jones if they have questions regarding their eligibility for these discounts and waivers.

Breakpoints

- Breakpoint pricing, otherwise known as volume pricing, at dollar thresholds as described in the prospectus.

Rights of Accumulation (“ROA”)

- The applicable sales charge on a purchase of Class A shares is determined by taking into account all share classes (except certain money market funds and any assets held in group retirement plans) of Hawaii Municipal Bond Fund held by the shareholder or in an account grouped by Edward Jones with other accounts for the purpose of providing certain pricing considerations (“pricing groups”). If grouping assets as a shareholder, this includes all share classes held on the Edward Jones platform and/or held on another platform. The inclusion of eligible fund family assets in the ROA calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Money market funds are included only if such shares were sold with a sales charge at the time of purchase or acquired in exchange for shares purchased with a sales charge.
- The employer maintaining a SEP IRA plan and/or SIMPLE IRA plan may elect to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping as opposed to including all share classes at a shareholder or pricing group level.
- ROA is determined by calculating the higher of cost minus redemptions or market value (current shares x NAV).

Letter of Intent (“LOI”)

- Through a LOI, shareholders can receive the sales charge and breakpoint discounts for purchases shareholders intend to make over a 13-month period from the date Edward Jones receives the LOI. The LOI is determined by calculating the higher of cost or market value of qualifying holdings at LOI initiation in combination with the value that the shareholder intends to buy over a 13-month period to calculate the front-end sales charge and any breakpoint discounts. Each purchase the shareholder makes during that 13-month period will receive the sales charge and breakpoint discount that applies to the total amount. The inclusion of eligible fund family assets in the LOI calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Purchases made before the LOI is received by Edward Jones are not adjusted under the LOI and will not reduce the sales charge previously paid. Sales charges will be adjusted if LOI is not met.
- If the employer maintaining a SEP IRA plan and/or SIMPLE IRA plan has elected to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping, LOIs will also be at the plan-level and may only be established by the employer.

Sales Charge Waivers

Sales charges are waived for the following shareholders and in the following situations:

- Associates of Edward Jones and its affiliates and other accounts in the same pricing group (as determined by Edward Jones under its policies and procedures) as the associate. This waiver will continue for the remainder of the associate’s life if the associate retires from Edward Jones in good-standing and remains in good standing pursuant to Edward Jones’ policies and procedures.
- Shares purchased in an Edward Jones fee-based program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment.
- Shares purchased from the proceeds of redeemed shares of the same fund family so long as the following conditions are met: the proceeds are from the sale of shares within 60 days of the purchase, the sale and purchase are made from a share class that charges a front load and one of the following (“Right of Reinstatement”):
 - The redemption and repurchase occur in the same account.
 - The redemption proceeds are used to process an: IRA contribution, excess contributions, conversion, recharacterizing of contributions, or distribution, and the repurchase is done in an account within the same Edward Jones grouping for ROA.

The Right of Reinstatement excludes systematic or automatic transactions including, but not limited to, purchases made through payroll deductions, liquidations to cover account fees, and reinvestments from non-mutual fund products.

- Shares exchanged into Class A shares from another share class so long as the exchange is into the same fund and was initiated at the discretion of Edward Jones. Edward Jones is responsible for any remaining CDSC due to the fund company, if applicable. Any future purchases are subject to the applicable sales charge as disclosed in the prospectus.

Contingent Deferred Sales Charge (“CDSC”) Waivers

If the shareholder purchases shares that are subject to a CDSC and those shares are redeemed before the CDSC is expired, the shareholder is responsible to pay the CDSC except in the following conditions:

- The death or disability of the shareholder.
- Systematic withdrawals with up to 10% per year of the account value.
- Return of excess contributions from an Individual Retirement Account (IRA).
- Shares redeemed as part of a required minimum distribution for IRA and retirement accounts if the redemption is taken in or after the year the shareholder reaches qualified age based on applicable IRS regulations.
- Shares redeemed to pay Edward Jones fees or costs in such cases where the transaction is initiated by Edward Jones.
- Shares exchanged in an Edward Jones fee-based program.
- Shares acquired through NAV reinstatement.
- Shares redeemed at the discretion of Edward Jones for Minimums Balances, as described below.

Other Important Information Regarding Transactions Through Edward Jones

Minimum Purchase Amounts

- Initial purchase minimum: \$250
- Subsequent purchase minimum: none

Minimum Balances

- Edward Jones has the right to redeem at its discretion fund holdings with a balance of \$250 or less. The following are examples of accounts that are not included in this policy:
 - A fee-based account held on an Edward Jones platform
 - A 529 account held on an Edward Jones platform
 - An account with an active systematic investment plan or LOI

Exchanging Share Classes

- At any time it deems necessary, Edward Jones has the authority to exchange at NAV a shareholder’s holdings in a fund to Class A shares of the same fund.
